

## **Remarks/Arguments**

### **Request for Reconsideration**

Applicant respectfully requests reconsideration.

### **Status of Claims**

Claims 1 – 9 were pending.

Claims 4 – 6 were indicated to recite allowable subject matter.

Claim 1 is being amended to include the subject matter of Claim 4. Claim 1 is intended to present the subject matter of Claim 4, which was indicated to recite allowable subject matter.

Claim 5 is being re-written in independent form to include the features of its base Claim 1, and should be allowable.

Claim 6 is being re-written in independent form to include the subject matter of Claim 1, and should be allowable.

Claims 3 and 4 have been cancelled. Claims 7, 8, and 9, are essentially unchanged, the only substantive change being a dependency change for Claim 7. The claims have also been amended where indicated to address the objections and to place the reference numerals in parenthesis as requested by the Examiner.

### **Rejections on Prior Art**

Applicant notes the prior art rejections. Without conceding that the cited references disclose applicant's claimed invention, but solely to advance prosecution, the claims have been amended to present only that subject matter of allowable Claims 4, 5, and 6, and other claims dependent therefrom. A Notice of Allowance is respectfully requested.
